

Jaron M. LeGrair bio

Jaron is a singer, voice researcher, voice teacher, music director, professor, author, and entrepreneur. As an entrepreneur, he founded the Jaron M. LeGrair Studio, an international studio that specializes in providing voice training for singers and speakers. Through this studio, he has branched into providing goods and wearable merchandise that promotes vocal and holistic health. He has also garnered a massive social media presence with over three-hundred thousand followers on TikTok, over one-hundred thousand subscribers on YouTube, and eighty-five thousand followers on Instagram. He affectionately calls his Studio's amazing community "The Jaritones."

As a researcher, he has presented research on various voice-related topics across the world and has also presented research and workshops at The Voice Foundation, the National Association for Teachers of Singing, and Estill Voice Training. He is also a sought after authority in voice pedagogy and application as it relates to Gospel, R&B, and Musical Theatre.

Though Jaron is a teacher and an entrepreneur by trade, he is a singer at heart. He has been featured as a soloist in many productions, choirs, groups, and stages. Some of those organizations include the Akron Symphony, Opera Columbus, and Ricky Dillard & The New Generation Chorale. He has also served as a Music Director and a Vocal Coach for many musical productions in the community including with the Millennial Theatre Project, the Youngstown Playhouse, and the Akron Art Museum.

He has served as a Professor of Voice, Music, and Musical Theatre at Point Park University, Youngstown State University, and Indiana Wesleyan University. Currently, he is a Teaching Artist at Saint Mary's College of California and is a part of the Estill Voice Training community as a Estill Master Teacher Candidate. He holds a Bachelor of Arts in Voice from The University of Akron, a Master of Arts in Voice Pedagogy from The Ohio State University, and has completed courses in Communication Sciences and Disorders at The University of Wisconsin-Eau Claire.
